“We want to send a big THANK YOU for the staffing assistance you have provided Nestlé. It is a pleasure to know and work along side each of you who are all so friendly and personable. With your help we have hired several very competent workers without the hassle of taking applications. You do the work for us and we appreciate your efforts! We know the Alliance Opportunity Center staff has our interests in mind, which allows us more time to focus on our core work, confident that you are working toward making Nestlé an even greater success.”

Carlos Del Rio  
Operations Manager  
Nestlé

“We would like to say thank you (TCC Corporate Services) for helping make our last two rollout projects so successful. Many times our company has to react quickly to the customer demands and your team has been invaluable in its ability to be flexible and adapt to our changing needs. Your instructors are very professional and very effective with their training program. Their knowledge and ability to coach our employees has been instrumental in our success. We appreciate your quick responsiveness and flexibility and look forward to a productive and lasting relationship.”

Lamar Williams  
Director of Operations for North America  
Foxconn
