*The AllianceTexas Economic Impact Study update adds data collected from January 2024 to December 2024. Originally completed by Insight Research Corporation in 2000, the economic analysis examines the impact of the development known as AllianceTexas, including Perot Field Fort Worth Alliance Airport, the AllianceTexas branded businesses and industrial parks, Circle T Ranch, Alliance Town Center, and Hillwood-initiated recreational, retail and residential communities. Initially completed for the first 10 years of the project, the economic analysis is updated annually by Insight Research to measure the ongoing growth and impact. Today, AllianceTexas geographically encompasses nine municipalities, five independent school districts, and two counties. The development spans south to north from Fort Worth to Denton, and west to east from Haslet to Westlake.*
