

THE Workforce Advantage

ALLIANCETEXAS

"We would like to send our deepest gratitude to you and the professional staff at the Alliance Opportunity Center for your continuous support and dedication to finding candidates to fill our current job openings. As an employer, it is simply outstanding that this workforce center takes the time to meet the needs of the job seekers by organizing workshops for development along with providing a platform for employers to announce their current employment openings. As the AllianceTexas community and employers continue to change and develop, the staff at the AOC can be counted on for a welcoming, personable and helpful approach to assist and meet the customer needs. It is a wonderful partnership for employers and job seekers. Thank you for your endless efforts."
